Actually, this is a different person Andrew. Ali heard from Ex. 6 Personal Privacy (PP) Marietta, OH) who now has Warren Water. I will pass the information about Ex. 6 Personal Privacy (PP) on to Ali. Thanks.

Thank you Heather. I believe Ally Pierce also heard from this same person.

Subject: Received call from Ohio resident in Washington Cty-- no longer using private well and connected to Little Hocking PWS

Hi Andrew,

I just received a call from **Ex. 6 Personal Privacy (PP)** OH 45724 (Washington County). He was on the list of 31 residents in OH/WV where Chemours found PFOA sample results within the 0.07 to 0.4 ug/L range. Mr. **Ex. 6 Personal Privacy (PP)** said that he no longer uses a private well for his water supply and was connected to the Little Hocking PWS last year. I am cc'ing Josh Lane from the Washington County Health Department as an FYI.

Please let me know if you have any questions.

Best wishes,
Heather
